OUR STORY

A trusted legacy continues

For more than 18 years, Trevor Pudney built a respected reputation servicing and repairing industrial laundry equipment throughout the Western Cape.

TP Technical Services carries that legacy forward with qualified technicians, modern administration and responsive customer service.

TP CARE

Preventative Maintenance Programme

Planned maintenance protects uptime and lowers long-term repair costs.

- Reduce unexpected downtime
- Extend machine life
- Improve production efficiency
- Identify wear before failure
- Maintain a complete service history

Maintenance can be scheduled around planned shutdowns to minimise disruption.

COMPLETE TECHNICAL SERVICES

- **Mechanical, electrical and electronic maintenance**
- Fault finding and diagnostic services
- Machine rebuilds and mechanical conversions
- Control-system rebuilds and upgrades
- New and quality used equipment sales
- Spare parts, consumables and relocations
